wheel pretty

Sensing the need for a sophisticated mode of wedding transportation, Sound-Bar and Spare Time event planners Nicole Heavrin and Colleen Rooney recently launched Windy City Trolley—a service that whisks the wedding party around in sleek, khaki-and-black vehicles. “We chose [the] color scheme because it matches anything [and] also looks great in photos, especially black-and-white,” says Heavrin. The picture-perfect trolleys feature oak benches, CD players and iPod hookups. Optional floral and décor packages spruce up their interiors with accents like calla lilies and gingham ribbons. The trolleys travel throughout the city and suburbs—anywhere in Illinois is fair game—and offer customized tours for bachelorette parties and wedding shopping. Now there’s a ride you’ll want to go along for. Windy City Trolley, 312.301.9172, windycitytrolley.com —J.B.
